

# TAKE ACTION!

Join the challenge: 100,000 hours of community service!

Community Service is a big part of what Girl Scouts is all about. We are asking all Girl Scouts to perform acts of service in their community- the time you invest is up to you. This form can be used for tracking your progress, what kind of service you performed and whom you helped. You can complete this individually, with your troop, or a combination of the two. Go out and LIVE the Promise!
